

Company & Awards Overview

Amika Mobile Corporation is privately held specializing in critical and emergency communication and control. Its flagship product, the **Amika Mobility Server (AMS)**, is an Internet of Things or IOT intelligent platform ideal for enterprise, communities, airports, sports arenas, shopping centers and campuses where visitors may not always be pre-registered in a contacts database since the **AMS** can auto-discover mobile devices for emergency alerting. **AMS** alerts/responds over wire or mobile to any layer including WiFi, SMS, Email, VoIP, PA systems, Message Boards, Twitter, RSS Feeds, Facebook, etc. **AMS** and **Amika@Panic** can trigger lockdowns and alerts based on disparate events from access control, fire panels, cameras, wall mounted, desktop or mobile panic buttons, etc. **AMS** delivers advisory government alerts from **NOAA**, **IPAWS**, **NAAD System**, and **MASAS** in **CAP /CAP-CP** formats. **Amika Mobile** has won **16 awards** and sells products through **partners**. Amika Mobile CEO awarded Order of Ontario, the province's highest honour for achievement and excellence in public safety and innovation. CEO also awarded Queen Elizabeth II 2012 Jubilee Medal for Service to Canada.

Amika Mobile wins 2015 GOVIES Award for Outstanding Security Product in Emergency Communications. An independent panel of judges from security industry selected top entries in the 2015 categories and named winners using criteria like: Features, Innovation, User Friendliness, Interoperability, Quality, Design, Market Opportunity, and Impact in Security Industry, Technical Advances, and Scalability.

ASIS Finalist Accolades Awards: Amika Mobile chosen for ASIS 2014, 2013, 2012, 2011, 2010 and 2009 Finalist Accolades as Security's Best and most innovative. Having the only solution that auto-discovers wired/wireless devices for public safety and alerts on event sensor triggers distinguishes Amika Mobile.

Amika Mobile CEO selected Top 25 Woman of Influence and Top 5 in Business by the Women of Influence 2014.

Amika Mobile selected *Most Innovative Company in the Category of Communications Interoperability* for emergency communication at San Diego Security Summit. Judges included government, military, first responder, emergency management, and border security from DHS, TSA, DRDC, US Navy, etc.

IDC picked Amika Mobile as a fast rising company and a Top 10 Company to Watch for Innovation in Emergency Mass Notification, Alerting and Mobile Market Opportunity.

Amika Mobile selected as best communication solution out of 100 start-ups. The Telecom Council's Global Service Provider members voted to honour Amika Mobile with Alexander Graham Bell Communication Award at SPIFFY Gala in CA.
